Why do we need your consent?

As part of our data checking process, we request the consent of parents on an annual basis to use images and videos of their child for a variety of different purposes.

Without your consent, the school will not use images and videos of your child. Similarly, if there are only certain conditions under which you would like images and videos of your child to be used, the school will abide by the conditions you outline in this form.

Why do you we use images and videos of your child?

We use images and videos of pupils as part of school displays to celebrate school life and pupils' achievements; to promote the school on social media and on the school's website; and for other publicity purposes in printed publications, such as newspapers.

Where the school uses images of individual pupils, the name of the pupil **will not** be disclosed. Where an individual pupil is named in a written publication, a photograph of the pupil **will not** be used to accompany the text.

If, for example, a pupil has won an award and their parent would like their name to be published alongside their image, **separate consent** will be obtained prior to this.

We may take images or videos of individual pupils and groups of pupils to use on social media, the school website, in school prospectuses and other printed publications, such as a newsletter.

Who else uses images and videos of your child?

It is possible that the school is visited by local media and press who take images or videos of school events such as sports days. Pupils will appear in these images and videos, and these may be published in local or national newspapers, or on approved websites.

The following organisations may use images and videos of your children:

- Aim Higher
- The Access Project
- B31 Voices

Where any organisations other than those above intend to use images or videos of your child, **additional consent** will be sought before any image or video is used.
