

Quick Start Guide

How do you get it?

When your school has informed you that you have been registered with GCSEPod, you need to confirm some personal details so that you can access the site:

- 1) Go to www.gcsepod.com and click 'login'
- 2) Click NEW HERE? GET STARTED! Select 'Pupil'
- 3) Enter your name, date of birth and type in the name of your school.
The school's name should appear in the dropdown list, click on it to confirm.
- 4) Create a username and password.

**If you're having trouble finding the school, double check that you've entered the correct date of birth and full name as it appears on the school's register. Some schools are known by a shorter version of their name, make sure you're typing the full, official school name.*

Key Features

Playlists

Create a new playlist, give it a name, add some Pods and save. Watch the playlist online to brush up on your knowledge or download it and take it out and about with you on your device.

My Courses

Keep yourself organised by viewing a list of all your exams in subject or date order. View an exam playlist to see all the Pods relevant to that exam, select the areas you find tricky and download to watch on the way to school.

Assignments

View homework set by your teacher, watch the Pods they have selected and complete questions to help test your knowledge on a topic. Results are instant, so you can see which areas you still need to work on.

Downloads

Android/BlackBerry/Windows users can download to a computer first or straight to your device. You can also download our free GCSEPod app in the App Store on your mobile device.
