Mathswatch – This is what we use for students to complete home learning and revision.

It is a fantastic resource when used effectively.

It marks students work immediately. If they are not getting it correct, they should be watching the one minute videos or the longer videos. If they are still unsure, please ask for support from your teacher at lunchtime.

Year 11 Mathswatch support sessions

- **Before school in W15 from 8am**
- **Lunchtimes in W15 on Monday, Tuesday and Thursday**
- **Lunchtime in W22 on a Wednesday**
