FACULTY: CREATE AND PERFORM
PHYSICAL EDUCATION AND SPORT CURRICULUM

HANDS

<p>GYM/DANCE (KT)</p> 	<p>You will learn what safe practice looks like in Gymnastics. You will explore the principles of movement and develop your body control, balance and strength as foundations to progress.</p>	<p>In Year 8 you will develop more complex Gymnastics skills such as cartwheels, round offs, head/handstands. The focus will be on the Aesthetics and Appreciation of the performance of routines and making links between them.</p>	<p>In Year 9 you will acquire the skills required for safe and effective flight using springboards, trampettes, the beam, vaults and blocks. You will look at inversion and advanced rotation on and over the apparatus. You will develop your skills as a coach and take on a supporting role.</p>		
<p>LEADERSHIP (KT)</p> 	<p>You will understand the key components to an effective warm up. In groups you will design and create a game using limited equipment. You will take on the role as a leader and develop your skills of communication, teamwork and adaptability.</p>	<p>In Year 8 you will build on what you developed in Year 7 along with what skills and qualities are required to become a successful leader. You will lead an activity to your peers individually and continually develop your skills as a leader.</p>	<p>In Year 9 you understand the components of a lesson and how each aspect is delivered. You will plan each element with a greater understanding of the objectives, warm up, skill development, game, cool down and plenary. This will set you on your way to becoming an exceptional young leader.</p>		
<p>ATHLETICS (KT)</p> 	<p>You will understand and identify the 3 disciplines within athletics. You will then develop, practice and refine in specific events of Running, Jumping and Throwing. This will be both within indoor/outdoor and modified equipment. Aspirational records will drive competition.</p>	<p>As well as developing as a performer in a number of athletics events. You will understand what components of fitness are required for each of the activities and where your strengths and areas for improvement are. Evaluation and analysis of performance is key.</p>	<p>In Year 9 you will look deeper into technique of the skills and how to achieve those milestones. You will take on the role of a coach and recorder to understand how to measure time and distance.</p>
